My dad, David, and I opened Joseph's back in the summer of '84. Our menu grew to include more Italian specialties and our tasty pizza. Over the years we have adapted to the changes in the valley and industry... making some adjustments along the way. Recently, we created our new website, and began selling our sauces and take and bake meals. Though we have changed some things there is one thing that will never change... our love for the food and the happiness we get from seeing others enjoy it! As we celebrate our 41st year we'll continue to serve up all our old favorites and create some new ones, too!

Come and join us!

Our restaurant has a scratch-made style, offering everything from BBQ to Vegan. Our on-site brewery generates a notable line of ales and lagers sourced by our fresh mountain water.

# Shovel Handle Pub

The tradition continues...

The Shovel Handle Pub is a beautifully restored post-and-beam barn originally built in 1842. Serving as a working barn until the 1970s, it retains its rustic charm, with original cow stanchions and historical artifacts from the farming days of Moody Farm still on display.

Nestled at the base of Black Mountain Ski Resort, the pub offers stunning views and the convenience of ski-in/ski-out access. Guests can enjoy fireside dining across three levels, complemented by family-friendly live entertainment every evening.

The pub also features a game area with pool, foosball, and darts, and in the warmer months, guests can enjoy outdoor games like cornhole. A nightly lit firepit adds to the ambiance, complete with marshmallows for roasting—perfect for creating memorable experiences."
